Here are 5 easy ways to celebrate, renew and cleanse for spring:

- 1) Simply set an intention for change. You can plant a seed to symbolize new beginnings and your new intentions, and pull a weed to symbolize the end of winter and end to any behaviors or relationships you want to put behind you. (This only takes a few minutes, and the power of intention is huge!)
- 2) Join a celebration – there are many spiritual celebrations of all denominations happening over the next week.
- 3) Start a cleanse. Especially if you've never tried one, this is the perfect time to make it a first (and a habit!)
- 4) Renew your Chakras – cleanse your energy with a Chakra massage or yoga class. Focus on your new intentions (deep inhales) while exhaling old thought patterns.
- 5) Spring-cleaning. Cleaning your space = cleaning your energy. Clearing your clutter = clearing your mind. The ritual of spring cleaning removes any negative energy accumulated over the winter months and prepares the home for the positive growing energy of spring and summer.

Growing, Growing, Growing.....
